

Big Blue Adventure Pregnancy & Postpartum Policy

Big Blue Adventure recognizes pregnancy, recent pregnancy, and postpartum recovery as significant life events. As an exception to our standard No Refund Policy, we have established the following Pregnancy & Postpartum Policy.

Registered participants who become pregnant after registering for an event, are currently pregnant, or have given birth before race day may request a cancellation and defer their entry and fee to a future event within one year of the cancellation.

Cancellation & Credit Options

Eligible participants may receive:

A transferable race credit valued at 100% of the registration fee, valid for any Big Blue Adventure event within one year of the cancellation date.

Request Process

A request must be submitted at least seven days before the event date and sent via email to support@bigblueadventure.com.

At our discretion, we may request documentation from a physician, midwife, or other licensed medical professional confirming pregnancy or postpartum status. Documentation may be waived in certain circumstances, including miscarriage.

Once a cancellation and credit are processed under this policy, the decision is final and cannot be reversed.

Additional Notes

Credits issued under this policy are non-refundable and may not be redeemed for cash.

Credits may be used for any Big Blue Adventure event, but they do not guarantee entry if an event sells out.

If a participant is unable to use the credit due to a subsequent pregnancy, Big Blue Adventure will review the request on a case-by-case basis.

Participants going through adoption or surrogacy, or with a pregnant partner, are subject to Big Blue Adventure's standard cancellation policy.

Participation during pregnancy or the postpartum period is a personal decision. Big Blue Adventure does not provide medical advice, and all participants are encouraged to consult with their healthcare provider before racing.
